### ***From President's Desk.....***

*I do most sincerely, cordially and overwhelmingly express my best regards to people of our society, at the very beginning of delivering from this desk, because, it was hard for us to overcome hurdles on path of our journey without their outstanding cooperation and wishes. These people are our philosopher and guide as philosophy of a society has roots in its culture. Our never-ending efforts for betterment of mankind in misery will be incessantly rising up. By experience of our 27 years long voyage, I can say that our journey saw the glow of success at least in some areas due to physical, psychological and financial support from people of various sections of the society. I bear optimism in my mind that there will be safe shelter, respect & dignity, self financial ability for everybody in upcoming days of close proximity. We are resolute to uplift the people with disabilities, elderly persons and other underprivileged sections of the society where intervention is necessary to bring change in the state of frustration and distress. All round cooperation and assistance will be required to bring an underprivileged section to at par level with other advanced groups. Any individual can join the voyage, by donating at least 1 % of his income, for bringing change in other's life as well as to provide a good human society to our future generation. As small particles of sands can constitute a continent, small contributions from common people can guide changes in our society in constructive way. I look forward for kind support and cooperation from each and every one for providing service to our society with hope for bright future.*

*With thanks.*

( Shyamal Deb )
